- 100% Vegan
- 99% Natural ingredients
- Fragrance-free
- Suitable for daily use for ages 0+
- Created for skin-to-skin bonding with baby
- Made in Denmark

Certifications:

How to use the Baby Oil:

Apply a small amount and gently massage the oil onto your baby's skin in circular motions.
For external use only. Avoid contact with eyes.

Special ingredients to highlight:

- Apricot kernel Oil: Rich in essential fatty oils especially oleic acid which is good for very dry skin. The oil moisturizes dry and irritated skin and strengthens the skin's natural elasticity.
- Olus Oil: A mild vegetable oil that provides moisture and suppleness to skin.
- Vitamin E: A fat-soluble vitamin that protects the oils and fats from oxidation and from turning rancid.
- Rapeseed Oil: An effective oil with a high content of natural vitamin E, which protects against free radicals. The oil is a good protector for the skin and hair, against external pollution.
